As residents of Q Mountain Vista in Quartzsite, AZ we are very concerned about the HUGE increase in the proposed water rates. The board of directors hasn't taken into consideration the impact this will take on the majority of our residents that are on a fixed income. This will only force more people to move elsewhere and lets face it Quartzsite is already becoming a ghost town. Yes the water system needs improvements but remember those living on SSI have had no cost of living increase; this will be an incredible hardship on them.

I feel that this should not be a board decision but brought before all of the homeowners to discuss options and then vote on by the HMO and not just the few on the board.

Please take this into consideration, Thank You
